Kim Cameron - Side F/X  Share

DC based musician Kim Cameron has a soft spot in her heart for patriotism. I recently got to know the work of Kim Cameron after she donated USB drives to the gift bags given out at the 12th Annual Military Ball. Kim fronts the band Side F/X, and wrote all the songs from their first album “Contradictions”. One song in particular “My Hero” spoke to the collective spirit of the Military Ball, honoring those that serve and protect our country. The style of Kim Cameron and

Side F/X is a fun mix of R&B, pop, and country with a range that allows for something to fit every mood you may have. “Contradictions” represents a truly expressive mix of emotions all in one CD.
